Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner discussed the final rejection mailed 1/04/2007. Specifically, the examiner explained that paragraphs [0077] and [0081] of Kanno are relied on for the teaching of a progress status of a stencil making process. Lines 8-11 of paragraph [0081] teach that the status of the printer can be displayed through a stencil command message. Applicant intends to amend the claims to more clearly define the progress status in relation to each particular work process .
